Colegiul National "Constantin Diaconovici Loga"

High School, Mathematics-Informatics profile

September 2017 - June 2021

Timișoara, Romania

- **Relevant Coursework:** C++, Web Development (HTML, CSS, JavaScript), Microsoft Visual FoxPro

Experience

Forvia Hella Romania

Module Tester | CAPL, Vector CANoe, IBM Rational DOORS

May 2023 – February 2024

Timișoara, Romania

- Executed test cases on ECU hardware, documented findings, and reported them.
- Designed and implemented automated test scripts using CANoe CAPL.

Forvia Hella Romania

Intern | CAPL, Vector CANoe, IBM Rational DOORS

November 2022 – May 2023

Timișoara, Romania

- Studied the documentation for CAPL, a programming language used for testing microcontrollers in Vector CANoe
- Wrote documentation for test cases using IBM Rational DOORS

Projects

AI ChatBot App | React JS, Python, CSS

- The user can ask for medical advice from multiple AI assistants depending on the medical field.
- Created during the **itec 2025 AI Development contest**.
- [ChatBot App](#) 🌐

Mobile Chat App | Android Studio, Kotlin, Jetpack Compose, Firebase Realtime Database

- A mobile app where each user can post announcements of looking/offering help in certain fields and contact each other through chat messages.
- [Mobile Chat App](#) 🌐

Dreamcatcher | GDScript

- My **Bachelor's project**, a video game made in Godot, an engine using Object-Oriented Programming.
- [Dreamcatcher](#) 🌐
- Itch.io link where the game can be played in browser: [Dreamcatcher itch.io page](#)

Arcana Reflect | GDScript

- A 2D and 3D video game programmed in Godot
- Created in collaboration with 5 other students during the [2026 RGDA University Game Jam](#).
- [Game Jam game](#) 🌐
- Itch.io link where the game can be downloaded: [Arcana Reflect itch.io page](#)

Technical Skills

Languages: Python, SQL, Java, C, C++, C# , JavaScript, , GDScript

Technologies: Spring, React JS, Vue.js, Oracle Apex, CSS, HTML, Firebase Realtime Database, Git

Concepts: SOLID Principles, Design Patterns, Database Design, Web Programming

Hobbies and Interests

Sudoku

Game Development

Pixel Art

Gym

Foreign Languages

English: advanced level

German: beginner level
